

## Company Overview

Chesapeake Cooling Solutions (CCS) provides sales and service of new, refurbished, and remanufactured cooling components and systems for industrial, marine, and genset applications at competitive market pricing tailored to client needs. As a specialty partner in thermal management and emissions control, CCS provides solutions for data centers, military installations, government facilities, and critical engine systems nationwide. Advanced engineering, refurbishment, and technical support restore systems to OEM standards, bypassing long procurement delays, cutting capital costs, and strengthening long-term operational readiness and resilience. Established track record supporting federal agencies and military projects with proven performance on mission-critical systems.

## Core Competencies

-  **Generators & GenSets:** Cooling packages and components for any generator size - from portable to data center scale.
-  **Heavy-Duty Emissions Cleaning:** DPF/DOC/SCR/EGR cleaning and restoration in hours; new, recore, remanufactured filters service.
-  **Industrial Radiator & Heat Transfer:** Engineering, repair, flushing & sales of radiators, charge air coolers, oil coolers for on/off-road/industrial - extending equipment life & reducing costs.
-  **Government Building Infrastructure:** Facility cooling incl. radiators, heat exchangers, genset packages for sustained readiness.
-  **Marine Cooling Solutions:** Heat exchangers, aftercoolers, gear coolers - field service from cruisers to container ships.
-  **Fuel, Hydraulics & Oil Tank Restoration:** Tank/System repair + Renu solutions - extends life, cuts replacement costs & downtime.
-  **Coolant Supplier:** Bulk coolants and fluids: Agriculture/on-off road/power/towers & cost-effective data center liquid cooling alternatives.

## Differentiators

- ✓ NARSA 2026 Shop of the Year 
- ✓ DLA DIBBS-Registered
- ✓ Exclusive IP incl. EvacuFlush/ReCore systems
- ✓ Team of industry veterans from global heat & emissions Boards

## Company Snapshot

**Point of Contact:** Arnold Yanovich    **Phone:** (443) 239-4033  
**Email:** arnold@chesapeakecoolingsolutions.com  
**Address:** 113 Holsum Way, Glen Burnie, MD 21060 USA

**UEI:** Q5UNL3D1AXH3    **CAGE:** 106N6  
**sam.gov:** Active January 2025    **DIBBS** Registered  
**GSA Schedule:** In Process

## Past Performance

**FED:** FEMA (recurring), FBI, CIA, DoD, State, USDA, Architect of the Capitol

**SLED:** Maryland Counties/Correctional: Anne Arundel, Montgomery, Howard, Talbot, Wicomico; Manasses and Baltimore County

**MIL/Marine/Transit:** USCG/Navy via General Ship Repair; U.S. Naval Academy; MTA, Annapolis, Quantico

## Primary NAICS & PSC Codes

### Primary NAICS Codes

**811310:** Commercial & Industrial Machinery Repair & Maintenance  
**423830:** Industrial Machinery & Equipment Merchant Wholesalers  
**423860:** Transportation Equipment & Supplies (exc. Motor Vehicle) Wholesalers

### Primary PSC Codes

**4420:** Heat Exchangers    **2990:** Misc Engine Accessories  
**J029:** Engine Accessories    **J028:** Engines & Components  
**J044:** Furnace/Steam Plant    **6115:** Generators & GenSets
